

Frequently Ask Questions...

Are you licensed and insured?

Yes. We are licensed and insured.

Do you provide free estimates?

We generally conduct a complimentary first visit and always provide a free, preliminary estimate. Detailed cost estimates required by banks or other institutions of lending may have cost associated to them.

What kind of work do you do?

A E Talley Construction handles projects ranging from small home improvement tasks, to large construction projects or work such as kitchens, bathrooms, basements, attics, and additions. We have a full array of commercial service including office fit outs, commercial restoration work, and consulting service just to name a few.

How does the design/build process work?

We work with you and our designers to capture your ideas in design, produce conceptual and construction drawings, and then complete the remodeling project.

Do I have to worry about contracting with electricians and plumbers etcetera?

No. A E Talley Construction manages all phases of the project. We have a base of trusted trade partners, and only work with subcontractors who are licensed and insured.

What about zoning and permits?

A E Talley Construction handles all zoning and permitting issues if required.

How does the payment process work?

All jobs require both parties to sign a construction contract that includes a payment schedule based on project milestones. For design/build projects we also charge a fee to cover the design process.

Do you provide a warranty on your work?

We do provide a warranty on all work we perform.
